

The ACEP Pediatric Emergency Medicine Section is now accepting article submissions for our website. We welcome contributions that are practical, educational, and relevant to clinicians caring for pediatric patients in the emergency setting. Content should be clinically applicable and aligned with the educational mission of the ACEP PEM Section.

Suggested Topics

	Pediatric Sepsis	Pediatric Stroke
	Toxic Pediatric Ingestions	POCUS in pediatric patients
	Delivering difficult news	Blunt abdominal trauma
	Respiratory Distress	Cervical Spine injuries
	Neonatal Resuscitation	Febrile and non febrile Seizures
	NIV in Pediatrics	Rashes
	Can't miss EKG findings	Vaccine preventable infections

Submission Guidelines

1. Title
 2. Author(s): Name, credentials, affiliation
 3. Residents/Fellows must include an ACEP PEM Section member as co-author
 4. Word count: ≤ 500 words
 5. Minimum 3 references
 6. Optional: Learning objectives, algorithms, key takeaways, pitfalls/controversies
- *Figures, graphics, and flowcharts encouraged*

Review Process

All submissions will undergo internal review, and selection for publication will be based on relevance, quality, and alignment with ACEP PEM Section

If you have any questions, please contact the Section Liaison, Stephanie Wauson at swauson@acep.org. Once your content has been accepted, you must fill out a copyright assignment form.
